RCRW Mission Statement

Promote an informed electorate through political education. Increase the effectiveness of women in the cause of good government through active political participation. Facilitate cooperation among Republican women of Texas. Foster loyalty to the Republican Party and promote its ideals. Work for the election of the Republican Party nominees.

FROM THE PRESIDENT

This year is flying by. It feels like it was yesterday that we were snowed in and having to wear masks everywhere we went. Things are extremely busy in Austin as the session moves towards sine die and even though May is full of graduations and celebrations, we have to remain vigilant and continue to hold our elected Representatives and Senators accountable.

Founder's Day is Saturday May 15, 2021. For those who are new to Rockwall, this is an all-day community event, full of booths, food, music and more. It is also an excellent way to support the Republican Party. Wear your shirts or volunteer to help in the Republican booth. Also coming up is Leadership Training and the TFRW Convention, more details on both are found herein.

Thank you to everyone who purchased Spring flowers. On behalf of the entire Executive Committee, we appreciate your support.

I want to thank David Mallard for his service and support to the Rockwall County Republican Women. David and his wife Sherry will be moving to Lubbock to spend more time with their grandchildren. I wish them the best on their endeavor and look forward to seeing them when they come back to visit Rockwall.

Last but not the least, Happy Mother's Day to each and every one of our beautiful ladies!

God Bless,

Tiffany L. Miller, RCRW President

Happy May Everyone,

I'd like to give a big THANK YOU for each City Council, Mayoral and School Board candidate that participated in our Meet the Candidate evening on April 12th and thank each member who attended either live or via Facebook. It was a great meeting that gave each candidate a few minutes to talk about themselves and why they were running. We hope to offer more of these types of forums in the future.

I'd like to now switch gears to Campaign Hours and give the spotlight to RCRW Member and Associate Members Erika and Phillip Hatfield for their excellent work to promote the GOP. Together they logged 391.5 hours for the 1st Quarter of 2021. A large portion of those hours were spent traveling to Georgia for a Trump Rally. Thank you both for the hard work and for taking the time to report it.

God Bless Texas!!!

Please review your calendars and turn in your hours. Many of you worked on campaigns, and those hours are valuable to our club. We want to put RCRW on the map as the hardest working club in Texas. You can call me at 817-614-7361 or email me at labandxray@gmail.com anytime.

God Bless Rockwall!

Toni Felts, Vice President, Campaigns

LEGISLATION

Thank you, State Representative Holland, for the following information:

Updates from Justin Holland:

House Bill 2622 has been placed on the Major State Calendar for Thursday, April 29, 2021; known as the Second Amendment Sanctuary State Act, the bill would: “forbid Texas state agencies & local governments from enforcing new federal gun laws or rules.”

Border security and immigration reform is the #1 issue that I hear about in my office from constituents. This session, we passed a budget that prioritizes our state’s obligation to protecting Texas communities by putting State Troopers on highways, boots on the border, human trafficking prevention programs, anti-gang programs, cameras, drones, aircraft, boats, intelligence technology, border prosecutors and investigators.

There is a high likelihood that most drugs on the streets in Texas are coming across our border. Marijuana, cocaine, meth, fentanyl, heroine and other opioids all are picked up in seizures each week by DPS.

House Bill 958 by Dr. Tom Oliverson would put Texas on the path to eliminating School M&O property taxes. Taxes are consistently among the top five concerns of my constituents.

Pamela Miley, Vice President, Legislation

WHERE IS THE COMPASSION PRESIDENT BIDEN?

Since Inauguration Day we’ve heard from commentators, celebrities, and liberal friends who believe that America now has a compassionate president, an affable Washington insider who is moderate and who plays by the rules and gets along with the media. Under this administration, they will not have to deal with outrageous ideas such as increasing prosperity by cutting taxes and reducing regulations, hold the Chinese accountable on their trade policies by enforcing tariffs and bringing American jobs back to our shores, enforce our borders and work with other countries to control the flow of migrants or champion energy independence instead of crusading to eliminate fossil fuels. Under this administration, America First will be discarded.

Outrageous to them is the notion that America is an imperfect but essentially good country founded on good principles and whose President puts its interests first. Instead, they demand an America where globalism, socialism, and wokeism are paramount and our interests come last.

The first 100 days of the Biden Administration have proven themselves to be anything but compassionate and have put Americans last.

Within minutes of his inauguration, President Biden signed an executive order cancelling the construction of the Keystone Pipeline. Is it compassionate to kill over 11,000 jobs, including 8,000 union jobs, and let energy prices soar for working Americans? Is it compassionate to try to sell people on a \$2.25 trillion “infrastructure” plan when only 7% of the funding is for roads, bridges, waterways, ports, and airports?

President Trump faced endless criticism for taking a tough stance on immigration and border security. President Biden promised a more compassionate approach. Now our facilities on the border are dangerously overcrowded with thousands of migrants illegally crossing into the U.S. every day, many of whom are unaccompanied children. Human trafficking is rampant, and many migrants are being released into the community with neither proper testing nor treatment for COVID-19. Neither President Biden nor Vice President Harris, appointed to handle the crisis, have yet visited the border let alone come up with a solution on how to handle it. Compassion is definitely lacking when the only ones celebrating are the human traffickers and drug dealers.

As for the COVID-19 pandemic, then candidates Biden and Harris were skeptical about the COVID-19 vaccine and its effectiveness, cautioning everyone to “follow the science.” It was the Trump Administration that put together Operation Warp Speed to assist scientists and drug makers in rapidly developing a vaccine and to create

God Bless Texas!!!

a distribution plan. Now President Biden's compassionate response is to take all the credit for Operation Warp Speed and put forth a COVID relief package that, like his infrastructure plan, includes very little to fight the coronavirus but lavishes spending on for Democrat pet projects. As for returning to normalcy in school, President Biden is more concerned with placating the powerful teachers' unions than showing concern for our children's health and well-being and their education. We could be dealing with the fallout from our children and the emotional scars for years.

There was little in President Biden's speech indicating that he is concerned with the general welfare of the American people – only a left-wing agenda.

We NFRWarriors are ready for battleground Elections 2022. We listened to Senator Tim Scott's response to President Biden's address. The Senator, a target of our opponents, spoke of hope and opportunity and better days ahead. "Our best future will not come from Washington schemes or socialist dreams, but from you, the American people," he said.

2022 will be upon us before we know it. It's time to start recruiting and laying the foundation to elect Republican candidates to re-take the House of Representatives and Senate. Women's voices matter, and we must keep speaking up and holding Democrats in power accountable for their missteps and radical agenda that are harming rather than helping our country and fellow Americans. Through our activism, vigilance and love of country, we will show what real compassion looks like and expose the thin veneer displayed by an affable, but weak-willed President Biden.

TEXAS FEDERATION of *Republican Women*

Is it just me, or did April absolutely fly by? Texas' 87th legislative session has heated up with a myriad of bills being voted out of committee and into calendars for scheduling. Testimony on some bills have lasted until well after midnight. It has been a flurry of activity at our Capitol and a veritable roller coaster ride for yours truly as I work with our elected leaders to implement better laws for Texas families. Without a doubt, my best day was when I received a call on my way home from Austin and was told confidentially that "the Representatives don't know what to do with TFRW. You've never been this vocal before." That comment made my day, and I didn't stop smiling all the way home!

So, pat yourselves on the back. We are doing a great job leveraging the power of TFRW and we have only just put our toe in the water. Even the big lobbyists understand that, while they are influential because they can write a large check, they do not block-walk or get candidates elected, WE DO, and our legislators know it too. Just think of the impact we can make at the next GOP convention. All we have to do is show up. When we are unified, there are no other voices bigger than TFRW's. Game, Set, Match- to Senator Ted Cruz! Read his refreshingly direct Wall Street Journal article calling out the "Oh-so-Woke" CEO's that are ignorantly parroting the radical left's talking points instead of building up their shareholders' investments. At least here in Texas we still have common sense.

Get ready! As fast and furious as April was, May is shaping up to be even more intense. Positional leadership trainings continue to be offered across the state, and videos of our virtual Zoom trainings are available at tfrw.org. If you missed the first segment of Amy Clark's 3-part Zoom series on Effective Communication, you can view it at tfrw.org, and join us LIVE for the second segment (Having Difficult Conversations) on May 6th. Our 5-part "Issues" Zoom series is set to begin on May 18th and will arm you with specific facts to help you better articulate our positions on: Education in TX; Civics and CRT; The Equality Act; Bad for Everyone, Especially Women; Censorship; The Systematic Elimination of Free Speech; The Economy; Why Conservative Plans Promote Wealth; and Immigration/Border Control; Because We Care.

TFRW Convention registration and Kalahari room-block are open today! Have you seen our promo video? Watch it at tfrw.org. The CONVENTION PAGE on our website will house the links for all of your planning and be updated often with new information. As a special bonus, in addition to our gorgeous 2021 Convention attire you can also buy a limited edition "Dazzle" pin as an "add on" when you register.

It's a GREAT time to be a Republican and I thank you again for the honor of serving you. We are empowered women empowering others, and together we will continue to make Texas the leader of principled, conservative governance.

For Texas and the Country!

Glynis Chester, TFRW President
